Matt Mountain
NexGen Consultants

Dear Matt,

Thank you for your expertise with our recent Salesforce.com project. Everyone on the project was very knowledgeable and very responsive throughout the project. Justin Davis and Randy Davis were able to understand our needs and implement the following:

- One way automated integration from Elgin's ERP System to Salesforce.com
- Complete setup and configuration of our Salesforce.com environment
- Reports and Dashboards, which met challenging requirements to match the displays in our current system

We had a very aggressive timeline – 6 weeks, and the project was completed on time and on budget. We were able to successfully reach all of our goals and NexGen was a pleasure to work with. I would highly recommend NexGen Consultants to any company looking for a Salesforce.com partner.

Sincerely,

Javier Martinez
